CLEAN • PROTECT • LUBE™

PRODUCT PRESENTATION 2023

CLEANING MADE EASY TIME TO KICK DIRT IN THE NUTS

Muc-Off is no boring corporate entity. We like to think we're a little different, a family run business driven by passion and going global!

For over 25 years we have been providing best in class products for all things two-wheeled. Finding an effective bike cleaning solution that was safe on all surfaces, as well as safe on the environment we ride in was always the Muc-Off goal. Since then, our product range has evolved and grown to become the bike and powersports maintenance powerhouse you see today - and we have no intention on slowing down.

Our mission is simple, to ensure our highly inclusive brand can be simply accessed for our fellow two-wheel fans!

HERITAGE

Our roots...

It all started way back when back in 1991 Rex and Marilyn Trimnell got things started with X-Lite UK. A high end bicycle componentry manufacturing business.

After designing and manufacturing the world's first twin crown bicycle for, Rex created a perfectly pink spray to clean his kit.

To make a long story short, Rex's cleaner was the best thing since slice bread, and it wasn't long before word got out and Muc-Off was born.

X-LITE's are hand finished and available in black anodised or polished alloy finish.
X-LITE STUBBIES

Easier climbing is enhanced by getting your body weight further forward and keeping your bike light, so avoid extra weight and gain the climbing advantage. With X-LITE BAR ENDS you'll have the best power to weight ratio on earth. Hand made and Tig welded in the U.K. from T6061 aircraft spec alloy. X-LITE's clamp securely over the end of the handlebar.

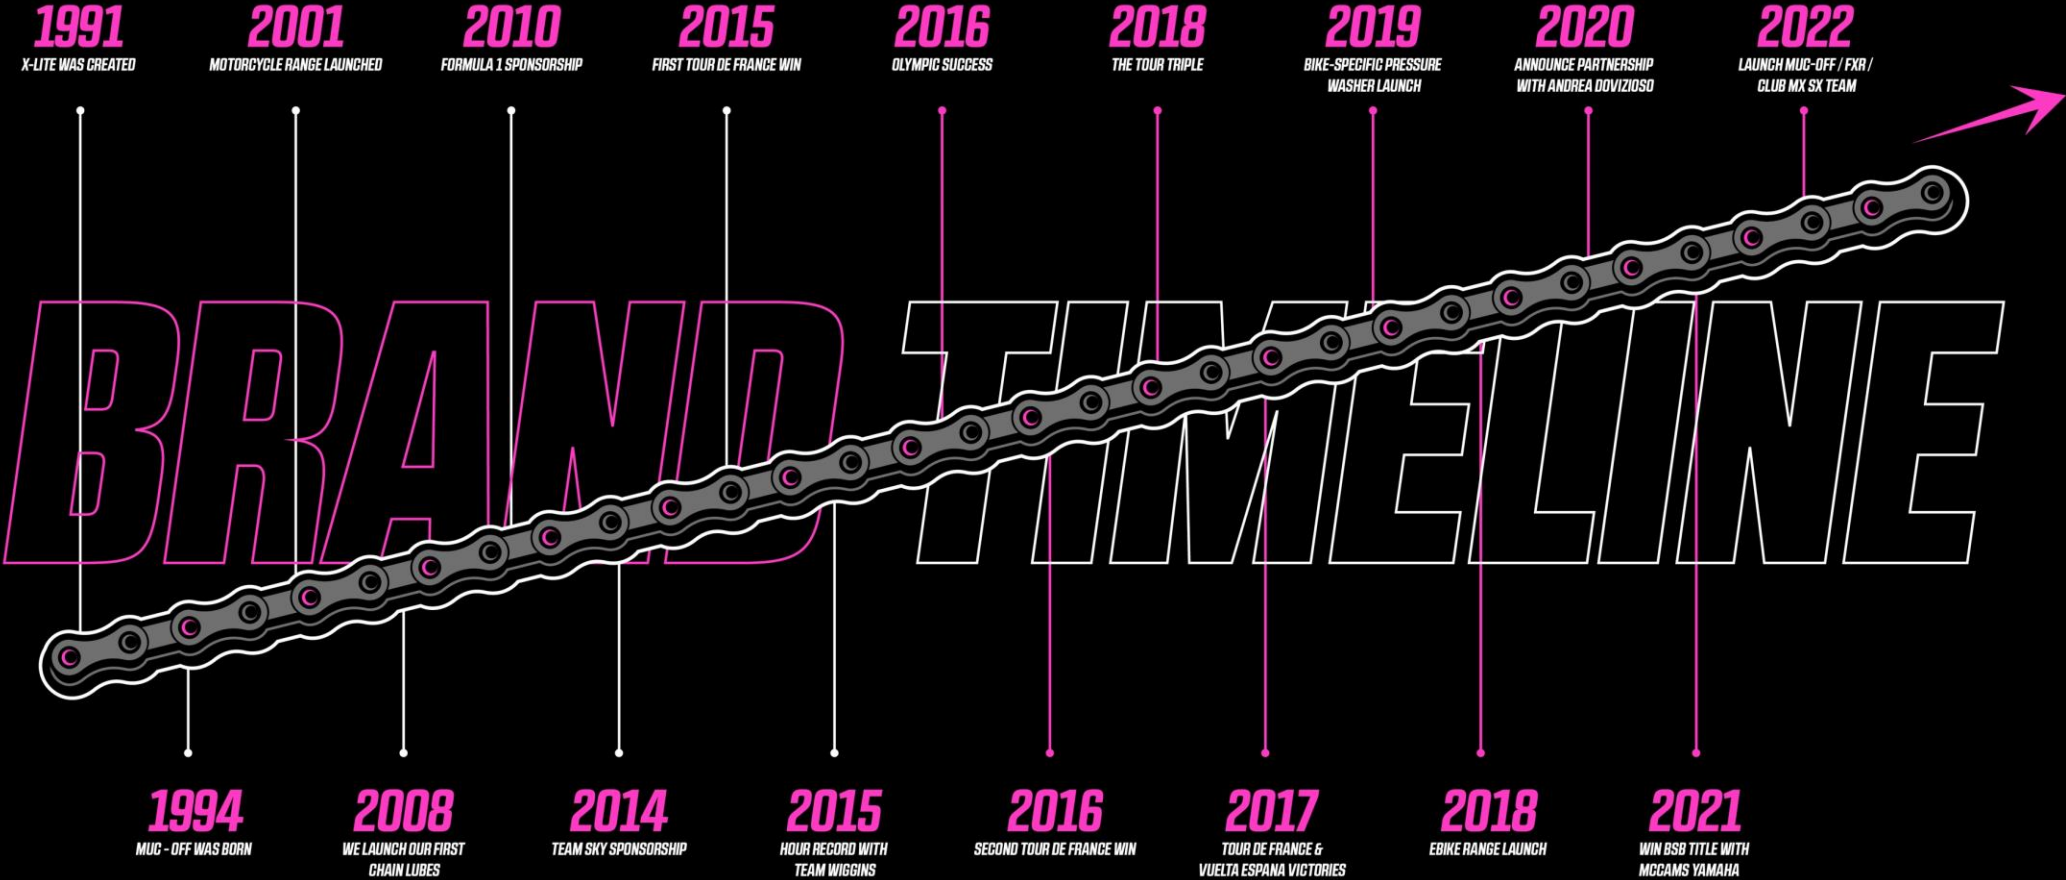

To test fly the lightest bars ends on earth!!...see your local dealer.

X-LITE Bar End Plug Kits (4) are available to retrofit your handlebars when fitting clamp on bar ends at £2.95 a set.

BRAND TIMELINE

RIGHT NOW

2023 onwards...

We're the fastest growing bike maintenance lifestyle brand in the world.

With explosive global growth over the past 24 months, not just in sales but in fans and followers. We are a brand led company, with an emotional connection to our fans.

We have a world-class roster of road, mountain bike and motorcycle athletes, alongside hundreds of influencers and millions of customers using our products every day.

As a result, our stories are not just told by us, they are told by those people our fans respect and follow.

MOTORCYCLE CLEANER CONCENTRATE

STAGE 1 STAGE 2 STAGE 3
1 **2** **3**
CLEAN PROTECT LUBE

It's the same great Moto Cleaner, just in concentrate form! Just add water to make up four litres of Nano Tech Cleaner for your motorcycle. Developed to allow you to re-use and refill your 1 litre spray bottle, 1L of Moto Cleaner Concentrate uses 75% less packaging than the equivalent four bottles of Nano Tech Motorcycle Cleaner.

Benefits

- Powerful degreaser in concentrate form
- Uses 89% less packaging than two 1L Muc-Off bottles
- Biodegradable
- Safe on all surfaces including carbon fibre & anodised metal

PUNK POWDER

We have been working for over 3 years on a high-tech, dissolvable powder form of our Nano Tech cleaner. We aimed to create a 100% plastic and water-free product that used plant-based ingredients and ensure that end-to-end the product minimised petrochemical processes. From production using vegetable inks printed onto compostable packaging, the powder, every single part of the process has been redefined to ensure that sustainability is built in.

Benefits

- Reduced carbon footprint with 94% less packaging
- 100% plastic free packaging
- 100% water free
- 100% environmentally friendly ingredients, including plant based raw materials
- Supplied in a compostable sachet and printed with vegetable inks
- FSC recycled card box
- Dissolves easily in any type of water. Cold, warm and hot. Hard or soft
- Vegan & vegetarian friendly

BOTTLE FOR LIFE BUNDLE

We take caring for our planet as seriously as our riding, so we wanted to create the ultimate motorcycle cleaning bundle that has the lowest possible impact on the environment. Included in the bundle is four sachets of our incredible new Punk Powder, the world's first plastic-free bike cleaner. Our all-new Bottle For Life is a recyclable tough aluminium spray bottle that'll stand the test of time and grime! It comes with a non-toxic, food-grade silicone base to protect the bottle, so it'll last even longer if dropped (while protecting any surface it's dropped on!) and offer increased stability when placed on uneven ground.

Benefits

- 100% plastic-free packaging, compostable sachet + printed with vegetable inks
- 100% water free + 92% saving in packaging compared to 4 x 1L bike cleaner
- 100% environmentally-friendly and biodegradable ingredients, including plant based raw materials
- FSC recycled card box containing 4 x sachets – that makes 4L of motorcycle cleaner
- Safe on all parts and surfaces including carbon fibre, will not harm seals, cables, disc brake pads or rotors
- Refill your Bottle For Life and help to eliminate plastic waste

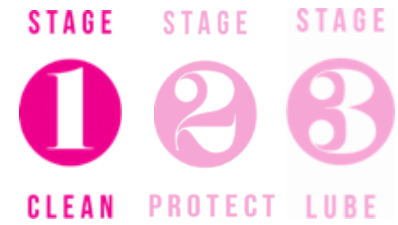

4 PACK AND BOTTLE FOR LIFE

SNOW FOAM

STAGE 1 STAGE 2 STAGE 3
1 **2** **3**
CLEAN PROTECT LUBE

Muc-Off Snow Foam is the result of extensive in-house research and development by our team of detailing experts. Our formula will significantly reduce the possibility of damage to paintwork by breaking down stubborn dirt and road film, preparing the vehicle for shampooing and detailing. Snow foam is a new generation PH neutral, water-based pre-wash treatment. Our snow foam formula is gentle and suitable for use with all pressure washer foam lances. Formulated specifically to offer maximum COVERAGE, snow foam rinses off easily with water.

Benefits

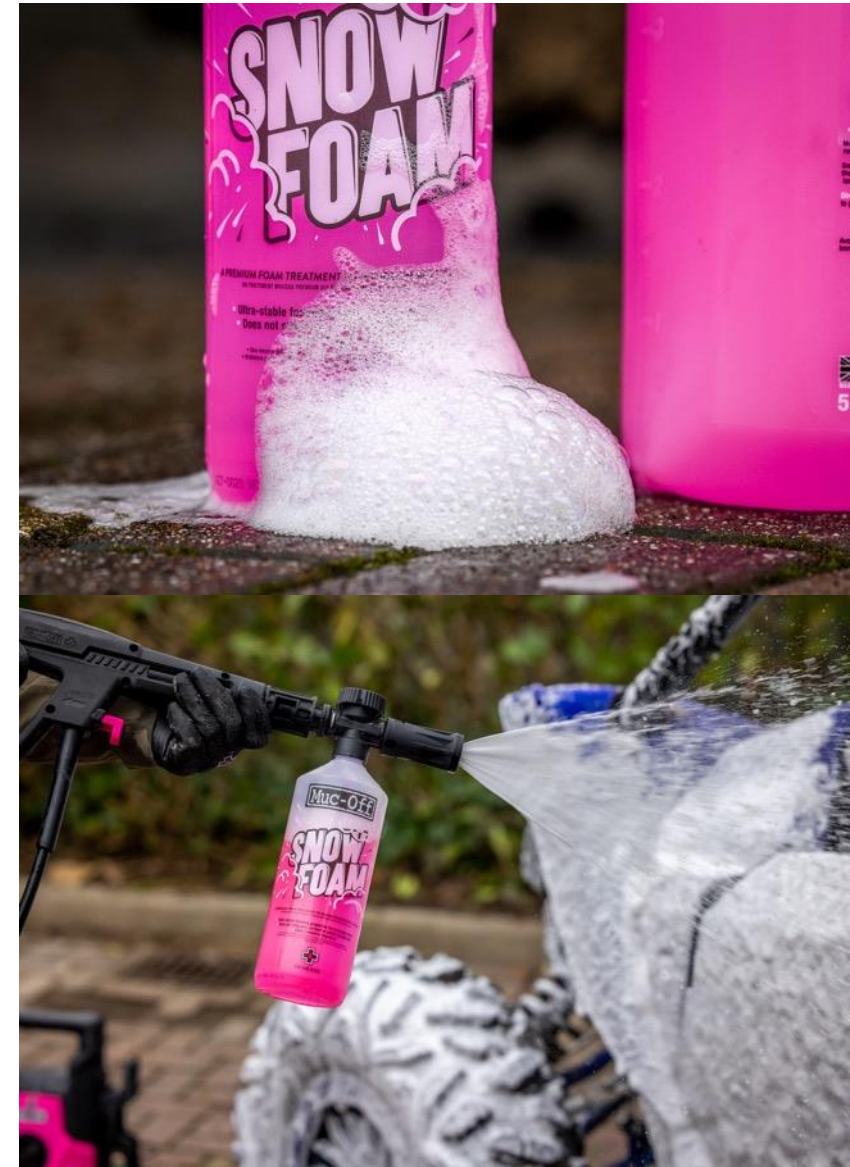

- Premium foam treatment
- Rapidly remove dirt and grime
- Biodegradable
- Ultra-stable foaming properties for maximum effect
- Does not strip wax, sealant or polish (neutral PH)
- Lush cranberry fragrance

MOTORCYCLE BIO DEGREASER

STAGE 1 STAGE 2 STAGE 3
1 2 3
CLEAN PROTECT LUBE

Our Motorcycle Bio Degreaser quickly and safely eliminates built-up oil, grease and grime on metal, plastic, rubber and seals. Its unique, "water soluble" formula means that after use it can be quickly rinsed away with water to leave your greasy bike parts completely clean. Our R&D team put in the hours to make sure this water-soluble degreaser works on even the toughest of grime including waterproof grease and chain lube/wax residue!

Benefits

- Fully biodegradable
- Water-soluble formula
- Safe on all components
- Removes oil, grease and grime

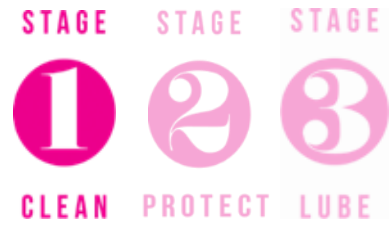

500ML

648

HIGH-PRESSURE QUICK DRYING DEGREASER

Reaching those hard-to-hit, fiddly areas when cleaning not only takes time but also means there is no guarantee that you've hit those all-important areas as thoroughly as possible. Keep your chain fresher than ever with our advanced Dry Chain Degreaser. It makes light work of oil build-up, grease and grime, without the need for rinsing. Its unique dry 'zero residue' formula means that after cleaning, it evaporates to leave the area clean as a whistle, with no residue. It rips right through the toughest grime, including waterproof grease and chain lube. And we all know that a clean chain is a reliable chain, so you can get back to doing what you do best.

Benefits

- New high-pressure turbo spray
- Easily cuts through tough grease in seconds
- No rinse, heavy duty formula
- Can be used on chains, gears and individual components
- Works on the toughest waterproof grease and chain wax
- Safe on O, X and Z-rings

750ML

20403

MOTORCYCLE BIO CHAIN CLEANER

STAGE 1 STAGE 2 STAGE 3
1 2 3
CLEAN PROTECT LUBE

Formulated to quickly and safely remove dirt, lube and heavy chain grime using advanced solvents. Our Bio Motorcycle Chain Cleaner uses a unique formula to rapidly shred grime to remove contaminants and leave the entire chain sparkling.

Benefits

- Rapid grease shedding formula
- Water-soluble and Biodegradable
- Suitable for standard O, X and Z-Ring chains
- Safe on rubber, metal and carbon fibre components

400ML

650

POWERSPORTS DRIVETRAIN CLEANER

STAGE 1 STAGE 2 STAGE 3
1 2 3
CLEAN PROTECT LUBE

Got a load of grime, mud or oil build up on your machine's chain and sprockets? Then reach for our Powersports Drivetrain Cleaner! This product will make light work of the toughest of residue from all drivetrain areas, thanks to its fast and effective biodegradable formula. So there's no need to worry next time you're out riding on a muddy or wet day, as we've got you covered.

Benefits

- Biodegradable
- Can be used on all motorcycles, quads, ATVs and UTVs
- Suitable for standard O, X, Z ring chains
- Water-soluble formula
- Fast and effective grease cutting formula
- Removes all chain oil and wax residue from drivetrain and swingarm
- Safely eliminates drive chain contaminants
- Deep cleans all drive chain areas in seconds
- Safe on metal components, hard plastic, rubber and seals

500ML

20467

MOTORCYCLE DISC BRAKE CLEANER

STAGE 1 STAGE 2 STAGE 3
1 2 3
CLEAN PROTECT LUBE

Get rid of grime and mud from your disc brake rotors and pads. The unique formula breaks down unwanted particles, which can often leave your braking performance compromised. It has added conditioners that rehydrate the Disc Brake pad to dramatically reduce brake squeal and prolong disc brake life.

The Muc-Off Disc Brake Cleaner leaves motorcycle brake discs and other braking parts clean and contaminant free with its re-hydrating capabilities.

Benefits

- Safe on all brake parts
- Safe on Carbon Fibre
- Improves braking performance
- Removes brake dust, oil, grease and grime
- Dramatically reduces brake squeal
- Prolongs disc pad life

400ML
613

AIR FILTER CLEANER

STAGE 1 STAGE 2 STAGE 3
1 2 3
CLEAN PROTECT LUBE

The Muc-Off Air Filter Cleaner is a state of the art, professional strength biodegradable cleaner which cleans and cares for your filter. It rapidly breaks down the stickiest of oils, grease and the nastiest grime on all foam air filters. It's the hassle-free way to rapidly clean your foam filter and ensure you maximise your engine's horsepower. The unique combination of active ingredients is formulated to rip through dirt and oil without damaging the foam or glue.

Benefits

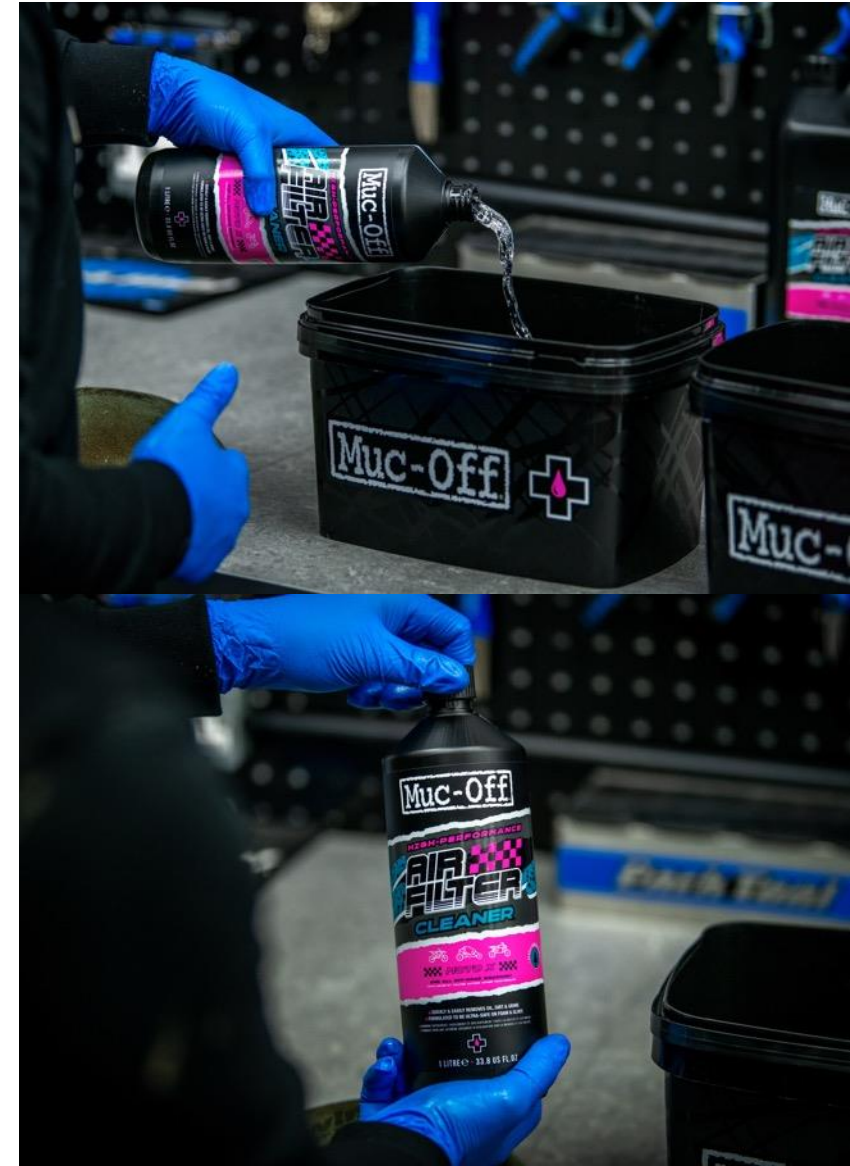

- Specifically designed to be ultra-safe on surfaces
- Biodegradable
- Helps to extend the life of your foam filter
- Suitable for all motorcycles

LUXURY MICROFIBRE POLISHING CLOTH

STAGE 1 STAGE 2 STAGE 3
1 2 3
CLEAN PROTECT LUBE

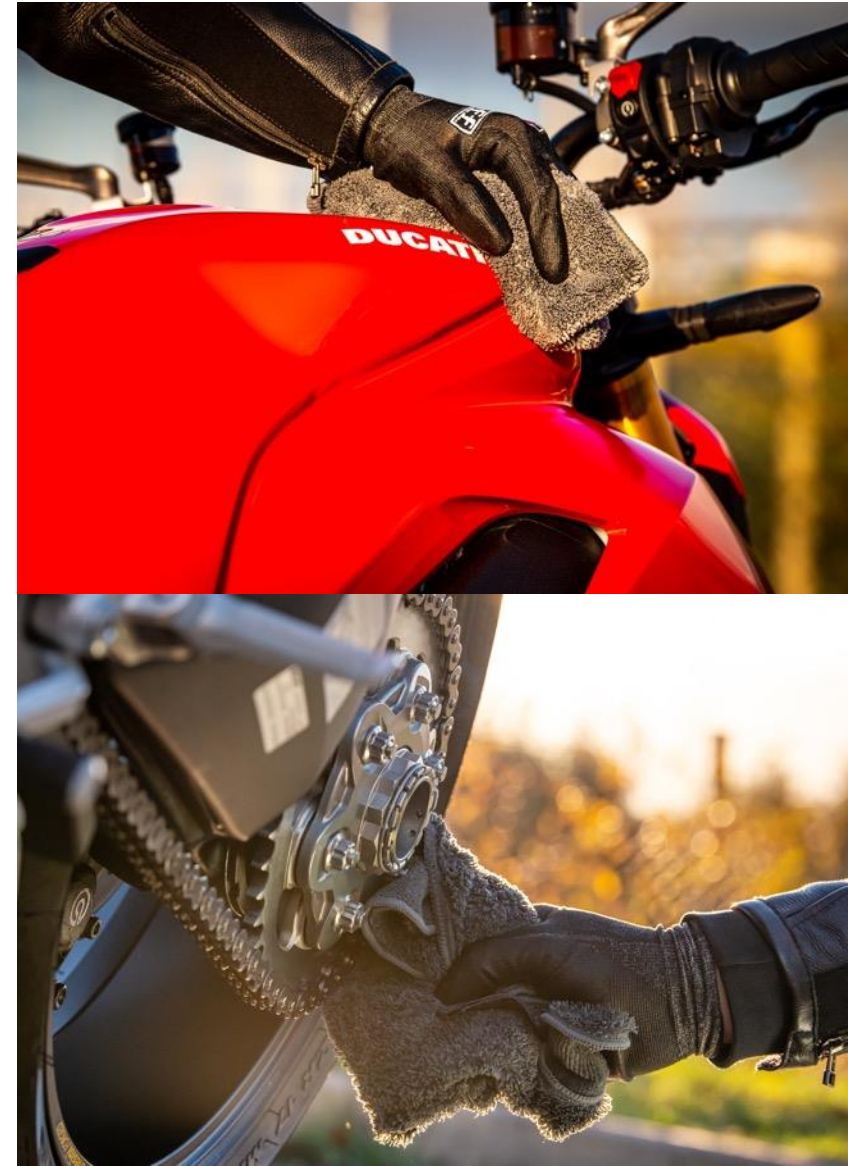

Our Luxury Microfibre cloths aren't just cloths – they're a gateway to effortless cleaning, drying and polishing power at your fingertips! Muc-Off Microfibre cloths contain an amazing 'split-fibre' technology, that vastly increases surface area absorbency to easily eliminate smears and blemishes. Because our cloths are made up of very small fibres, you'll be cleaning at a much deeper level, meaning that whether it's interiors or exteriors, bikes or cars, you can be sure you are removing the dirt and grime!

Benefits

- Super-soft, high quality cloth
- Safe to use on all surfaces
- Deep-pile material traps dirt deep in the pile of the cloth preventing scratches or swirling
- Split-fibre technology for increased absorbency
- Machine washable

272

DEEP SCRUBBER GLOVES

Made from durable and high-strength silicone, these gloves make cleaning tight spots quicker and easier than ever. With flexible bristles that cover the palm and each finger you'll be able to scrub away at grime in record time as you caress the surface rapidly with your hands. Just spray on our bike cleaner or snow foam either onto the area to be cleaned or directly onto the gloves and get scrubbing!

Benefits

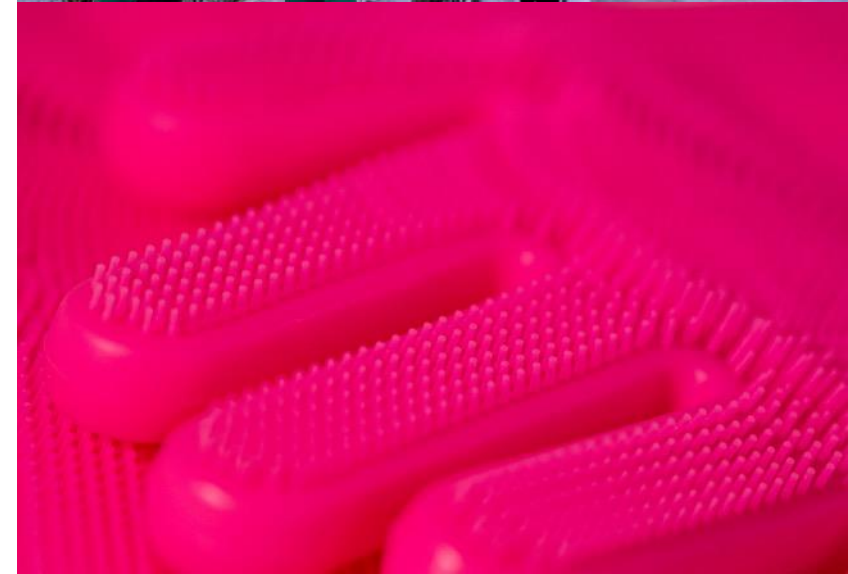

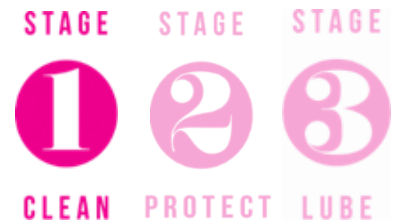

- Reusable, waterproof silicone gloves made from durable, high strength silicone
- Flexible bristles cover the whole palm and each finger making cleaning fast and easy, but are also gentle enough not to damage delicate surfaces
- Built in inner anti-slip surface for maximum control
- Can be used on bicycles, motorcycles, cars or any powersports equipment
- Comes in sizes M, L & XL

2-IN-1 MICROFIBRE WASH MITT

We all know the dangers of using the wrong tools for the job of cleaning, unsightly swirls in the paintwork, degrading the finish over time. We developed the 2 in 1 Microfibre Wash Mitt to get around this problem, it's pink (of course), extra plush and fluffy and will see off sponges as a thing of the past – no more trapping grit and damaging your paintwork from here on in. This 2-in-1 wash mitt uses split fibre technology to increase its cleaning surface area and care for a bike's delicate finishes. On one side the microfibre technology helps to break up dirt into minuscule particles and keep them away from the surface while you clean. While on the other, a waffle design gets rid of more stubborn deposits like bugs, tar, or any other grime that's tougher to remove.

Benefits

- Unique 2-in-1 design: Chenille microfibre wash mitt front and waffle bug remover design reverse
- Gives a scratch-free, lint-free and swirl-free finish
- Chenille technology – disintegrate dirt into miniscule particles
- Ultra-fine microfibre – premium quality, super soft microfibre has been designed to clean delicate finishes
- Tight elastic cuff for maximum control

20411

COLLAPSIBLE SILICONE FUNNEL

Calling all clean-freaks and eco warriors, our new Collapsible Silicone Funnel tells spillages to “do one!”, meaning you’ll never lose a drop of the good stuff again! It’s now super easy to refill your Bottle For Life with Punk Powder, Nano Tech Concentrate, Drivetrain Cleaner, or any other rad refills our Project Green team think up in the future. Help us all stay clean, green and keep kicking plastic use in the nuts!

Benefits

- Designed to fit into the bottle neck of all of our Bike Cleaner and Drivetrain Cleaner bottles. Collapsible fold up design makes it portable and easy to store
- Flexible construction
- Easy to clean and dishwasher safe
- Made from durable, food-grade silicone that’s non-toxic
- Silicone is highly durable and more ocean friendly than plastic
- Size expanded: 106 x 43mm
- Size collapsed: 25 x 43mm

STAGE 3
3
LUBE

Don't let your bottom end get wet with the new Muc-Off Exhaust Bung! Made from a two-part flexible silicone rubber core and sleeve, it creates an awesome leak-proof seal to prevent water or other contaminants from getting into your exhaust pipe whilst you're cleaning or maintaining your machine. It's both 2 and 4-stroke compatible thanks to its removable two-part design.

It's super easy to twist into place and comes with a handy lanyard to make removal easy!

Benefits

- 2 and 4-stroke compatible thanks to removable 4 stroke bung sleeve
- Tapered design fits most exhaust diameters
- Silicone rubber core construction is sturdy and durable
- Supplied with lanyard for easy removal and storage
- Prevents water or contaminants entering the exhaust during cleaning
- Protects your engine

MOTORCYCLE CHAIN BRUSH

STAGE STAGE STAGE
1 2 3
CLEAN PROTECT LUBE

The Muc-Off Chain Brush is an essential tool for keeping your motorcycle's chain spotlessly clean and running smooth. The multi-faceted, ergonomically-shaped brush is designed to clean 3 sides of the chain at any one time, its bristles penetrate deep between links and rollers for a deeper clean, which all help to keep your chain in optimum condition for longer.

Benefits

- Tough nylon bristles to quickly agitate dirt off even the filthiest of chains
- Ergonomically shaped for comfort and stability
- Long brush end is ideal and agitating grime and dirt off front and rear sprockets.
- Suitable for most chain sizes and styles including:
- Standard O, X and Z-Ring chains

350

TWO PRONG BRUSH

Our Two Prong Brush is ideal for reaching hard-to-shift dirt on spokes, discs, frame work, and exhaust tubing. Its unique design features an impact resistant, dual density handle for maximum grip in wet conditions and durable nylon bristles. The twin brush heads can even be altered and repositioned to reach even the tightest areas!

Benefits

- Great for reaching tough, hard to reach spots
- Ideal for spokes, discs, frame work, exhaust tubing
- Suitable for all types of motorcycle
- Rubberised ergonomic handle
- Durable nylon bristles

MO-94

Looking for an all round wonder spray? Look no further! Muc-Off MO-94 covers all the bases with it's incredible formula that quickly and effectively penetrates moisture, lubricates moving parts and leaves a long lasting protective film. MO-94 prevents dirt adhesion and also drives out excess water to keep rust and corrosion at bay. MO-94 isn't just for motorcycles. Nope. It works on just about anything. Whether you've got a squeaky door hinge, a rusty lock or a bolt that you just can't turn, MO-94 is all you need.

Benefits

- Free seized parts
- Disperses moisture to prevent rust and corrosion
- Provides light lubrication for moving parts
- Reduces metal to metal contact
- Prevents dirt adhesion
- Cuts down on friction to improve component efficiency
- Biodegradable

HCB-1 (HARSH CONDITIONS BARRIER)

STAGE 1 STAGE 2 STAGE 3
1 2 3
CLEAN PROTECT LUBE

Keep your precious steed in tip-top condition with the Muc-Off Harsh Condition Barrier. With a state-of-the-art thin film coating, it'll make light work of rust and corrosion. It's the perfect upgrade for winter months, or to keep your motorcycle looking fresh all year long – as you'll have 12 months of protection.

This innovative product is a must-have. It'll keep moisture out, creating a durable anticorrosive layer of protection on your ride's frame, chain, metal parts, plastics and paintwork. And on parts that have already got some rust showing, it'll get rid of it altogether.

Benefits

- Dissolves existing rust
- 300+ hours salt spray to ASTM B-117
- Thin transparent film
- Strong capillary action allows the product to get into tight cracks and crevices
- Contains UV application dye to ensure complete protection
- Resistant to hot, cold and salt-water
- Creates a self-healing barrier, active for up to 12 months
- Contains no wax silicon, Teflon or water

20004

MIRACLE SHINE

Let's not beat around the bush, you want a high quality polish and protectant that delivers a deep and luxurious shine for your bodywork, Muc-Off Miracle Shine is the product for that job. Not only does our Miracle Shine give you amazing reflective results – but it also covers the treated areas with a microscopic protective layer against atmospheric pollutants, thanks to its Fluoro Polymer Technology! So if you want your paint finish to gleam like new, make the water bead away furiously and make the car easier to clean next time, Muc-Off Miracle Shine is the product for you.

Benefits

- Removes imperfections and fills minor scratches
- Fluoro Polymer technology creates a microscopic layer of protection
- Repels water and atmospheric pollutants
- Reduces washing and maintenance time
- Silicon oils allow easy application and incredible depth of shine
- Will not leave a powdery white residue
- Safe on paintwork, clear coat, carbon fibre, chrome, metal & plastics

947

AIR FILTER OIL

The Muc-Off High-Performance Air Filter Oil boasts a non-chlorinated, low-viscosity formula, it's guaranteed to maximise performance, increase the longevity of foam air filters and improve engine life in all off-road weaponry.

Developed to provide the highest level of engine protection, even when you're going hard in the toughest of conditions. Our proprietary formulation contains polymeric additives which provide a hyper-tacky surface to resist airborne sand, dust, water, mud and grime. It helps ensure your engine is protected, whilst maintaining the ability to breathe freely in the most brutal conditions.

Benefits

- Inherently biodegradable
- Maximises airflow for the highest possible performance
- Prevents dust, grime and water from entering engine
- Low viscosity, super tacky formula easily penetrates filter
- Helps to extend engine life
- Fast evaporating means no long waits to re-assemble filter

STAGE 3- LUBE

MOTORCYCLE DRY WEATHER CHAIN LUBE

STAGE 1 STAGE 2 STAGE 3
1 2 3
CLEAN PROTECT LUBE

Muc-Off Dry Chain Lube is formulated to hold up to the extreme pressures that are applied to a motorcycle's chain. It's a highly versatile, Dry weather chain lubricant that has superior penetrative qualities ensuring that every part of the chain link is lubricated. Our advanced 'Dry Formula' creates a clean, durable and protective layer that inhibits rust and corrosion whilst also releasing a fresh banana fragrance! The formula has exceptionally low surface friction to provide incredible drivetrain efficiency without attracting contaminants. It's clean, and it's easy to use.

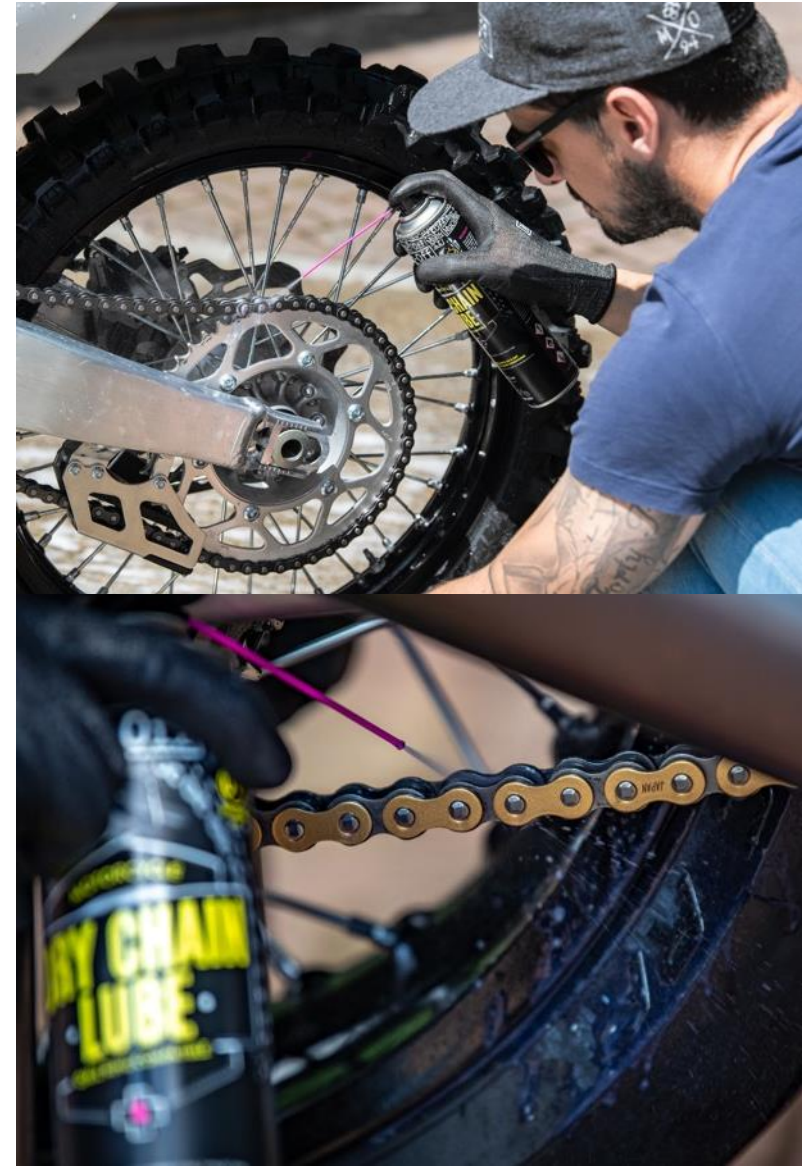

Benefits

- High performance formula leaves dry, non-sticky protective film
- Safe on frame, metal parts, plastics, rubber, paint and carbon fibre
- Drives out excess moisture
- Prevents dirt adhesion
- Light lubricant coats moving parts
- Quick and easy to use

400ML

649

MOTORCYCLE ALL-WEATHER CHAIN LUBE

STAGE 1 STAGE 2 STAGE 3
1 2 3
CLEAN PROTECT LUBE

Muc-Off All-Weather Chain Lube is the first of its kind and is set to revolutionise chain efficiency and performance for all motorcycles covering longer distances and is ideal for tourers or commuters as you can go far longer between reapplication intervals. Our unique water repellent, ceramic, non-fling formula penetrates deep into the chain link. This creates a durable protective coating which will guard your chain against corrosion and metal to metal wear, in all weather conditions. An added benefit to our unique formula is that it includes a UV Dye, which means you can accurately see the lubricants specific coverage when using a UV Torch. This also allows you to wipe away any overspray that may have otherwise gone undetected.

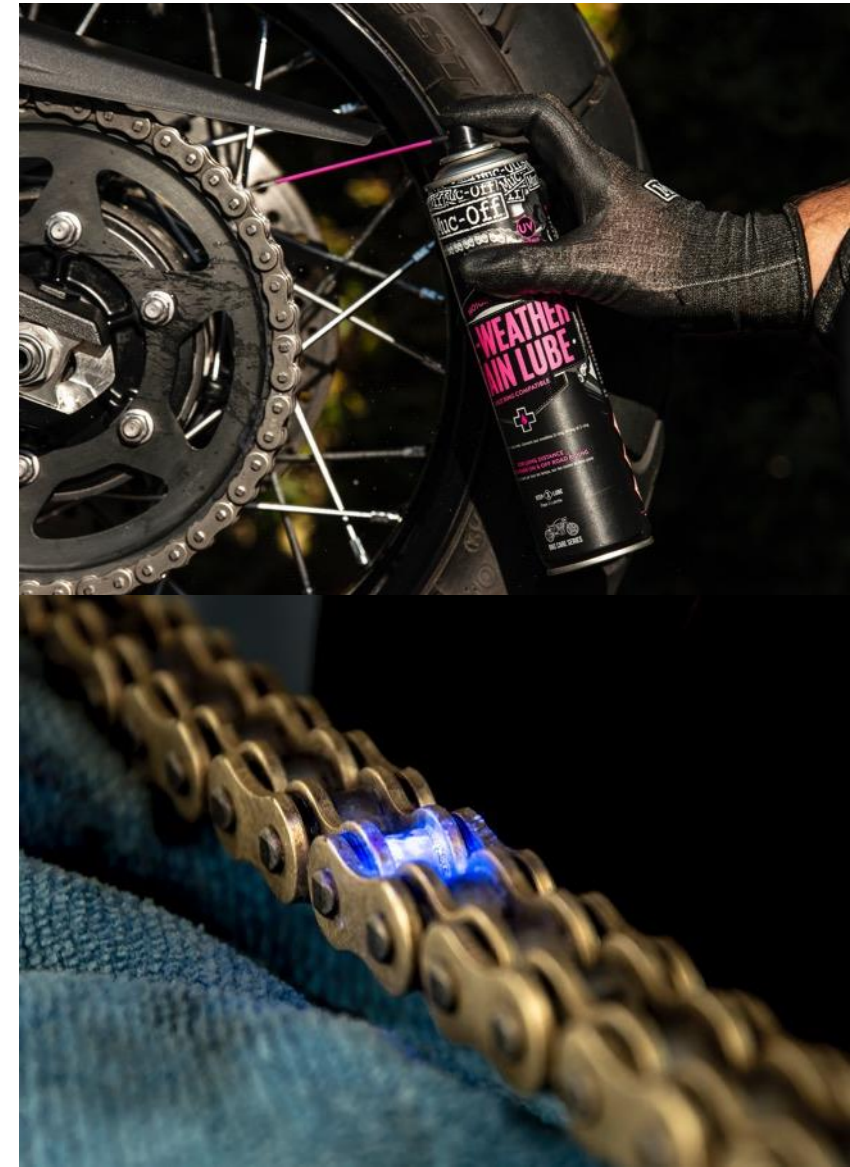

Benefits

- Suitable for standard, O, X and Z-Ring chains.
- For long distance all weather on/off-road riding.
- High performance synthetic formulation for maximum protection.
- Ceramic additives increase component life and maximise horsepower.
- Contains UV over spray dye

CLEAN PROTECT LUBE

Muc-Off Wet Chain Lube was developed by our team of in-house experts to provide maximum protection, no matter what mother nature can throw at your chain! The polymer formula penetrates deep into the chains links, to reduce wear and friction to a minimum in even the harshest of conditions. Our non-drying hydrophobic lubricant film sticks to every link even during a long, rain soaked ride! Rest assured that Muc-Off's Biodegradable Chain Cleaner will remove it quickly when the time does come for a clean and re-application! An added benefit to our unique formula is that it includes a UV Dye, which means you can accurately see the lubricants specific coverage when using a UV Torch. This also allows you to wipe away any overspray that may have otherwise gone undetected.

Benefits

- Suitable for standard, O, X and Z-Ring chains.
- For harsh weather on/off-road riding.
- For high performance riding in the most extreme conditions.
- Contains UV over spray dye

OFF-ROAD ALL-WEATHER CHAIN LUBE

Every type of off-road rider has different needs when it comes to keeping their chains in optimum condition. Muc-Off Off-Road Chain Lube changes the game in chain efficiency and performance for all your off-road machinery. Suitable for all weather conditions our unique water repellent, ceramic, non-fling formula penetrates deep into the chain link, creating a durable protective coating that guards your chain against corrosion and metal to metal wear. An added benefit to our unique formula is that it includes a UV dye, which means you can use a UV torch to make sure you've hit every link of your chain. Be sure to wipe away any overspray. Go longer between applications, with greater protection for your chain than ever before!

Benefits

- Suitable for standard, O, X and Z-Ring chains
- For off-road, long-distance, all-weather riding
- High-performance synthetic formulation for maximum protection
- Ceramic additives increase component life and maximise horsepower
- Contains UV over spray dye
- Can be used on motocross, enduro, trial motorcycles, quads, ATVs

RIDER CARE SERIES

HELMET, VISOR & GOGGLE CLEANER

RIDER CARE SERIES

Helmet, Visor & Goggle Cleaner quickly and safely removes dirt, dust, grime, snow, sweat and oily residue from all helmets, eye wear and goggles. Its been formulated using de-ionised water as recommended by many helmet manufacturers and it's safe to use on all lens materials including polycarbonate! Visor, Lens & Goggle Cleaner is also anti-bacterial and uses pH neutral soaps. And you don't have to worry about the formula either! It's fully biodegradable and contains no solvents or harmful chemicals. It's perfect for cleaning motorcycle goggles as well as snowboard and ski goggles.

Benefits

- Formulated using de-ionised water
- pH neutral formula as recommended by helmet manufacturers
- Free from solvents and harmful chemicals
- 100% biodegradable
- Ideal for motorcycle goggles
- Ideal for snowboard and ski goggles

ANTI-ODOUR SPRAY

RIDER CARE SERIES

Been shredding so hard that your kit has started to smell? You need Muc-Off Anti-Odour Spray! It's a highly effective, easy to use anti-odour spray that uses SILVERPLUS® silver ion technology. It's ideal for removing odour caused by bacteria from helmet liners, body armour, shoe lining, gloves, pads or any soft material, synthetic fibre or textile that comes into contact with your skin and starts to smell over time. Our spray leaves a long-lasting hygienic finish that instantly freshens your equipment. It's perfect for using while travelling, to help protect you and your kit when it's repeatedly used and can't be washed on the go.

Benefits

- Triple effect odour remover using SILVERPLUS® silver ion technology
- Effective against odour caused by bacteria for functional freshness
- Suitable and safe to use on most riding equipment and textiles (technical, sportswear, socks, shoes, body armour, helmets, pads, liners, body armour and gloves made from textile or leather)
- Suitable to use on leather / suede / cotton / polycotton / softshell / technical fabrics / synthetics
- Gentle on fabrics and skin when dry
- Provides freshness for up to 10 washes

RAIN SHIELD RE-PROOFER

RIDER CARE SERIES

Braving the elements? Then grab our new Rain Shield Re-Proofing spray. It creates a cutting edge DWR (Durable Water Repellent) layer on all types of technical clothing. It's a simple to use, 'spray on' waterproofing treatment designed to restore factory levels of performance on all waterproof and breathable fabrics.

It uses the latest technology to reduce the surface tension of the fabric and provide the very best waterproofing without impacting the breathability of fabrics, it also helps to protect against mud and ground-in stains. And the best bit? It's safe for the environment, as it's water-based and doesn't contain PFCs!

Benefits

- Replenishes waterproofing coating on outdoor clothing
- PFC Free, water-based formula
- Not harmful to you or the environment
- Helps to repel wet mud and grime and protects against ground-in stains
- Does not impact breathability of garments
- Extends life and performance of garments
- Easy to apply - supplied in a spray bottle
- Can be used on any technical or waterproof/water repellent fabric and soft-shell or hard-shell clothing and down-filled garments
- Will treat 1-2 garments per bottle
- Lasts 10+ washes

20506

250ML

WASH-IN RAIN SHEILD RE-PROOFER (COMING JUNE 2022)

RIDER CARE SERIES

Shredding in the rain? Grab our new Wash-In Rain Shield Re-Proofers. It's an easy-to-use wash-in treatment designed to restore factory levels of performance on all waterproof and breathable fabrics. The cutting edge DWR treatment creates a tough barrier to keep your technical garments weatherproof, without impacting their breathability. It also helps to protect against mud and ground-in stains. And the best bit? It's safe for the environment, as it's water-based and doesn't contain PFCs! Our state-of-the-art formula gives unrivalled protection within 24 hours of treatment. After application, water will bead and roll off, so you're protected to go and get rad in the harshest of conditions.

Benefits

- Extends life and performance of garments
- Can be used on any technical or waterproof/water repellent fabric
- including Gore-Tex®, Polartec®, Pertex®, eVent®, softshell and
- hardshell clothing
- Helps to repel wet mud and grime and protects against ground-in
- stains
- Will not impact breathability of garments
- PFC-Free
- Not harmful for the environment, or to you

20813

300ML

TECHNICAL WASH FOR APPAREL (COMING JUNE 2022)

RIDER CARE SERIES

While washing specialist technical apparel in regular laundry detergents might leave them looking clean, it can damage the performance of the garment. While these detergents have a specific function in standard laundry items, for technical waterproof clothing these additives will act as wetting agents, masking the original DWR treatment applied to your garment. The Muc-Off Technical Wash for Apparel has been formulated to effectively remove dirt and residues from performance textiles without impacting any breathability, helping to maintain a garments' existing DWR as well as providing a clean residue-free base for effective re-proofing.

Benefits

- Gently removes dirt and grime from technical apparel
- Extends life and performance of garments
- Can be used on any technical or waterproof/water repellent fabric
- Can be used in the washing machine or applied by hand
- Will not impact breathability of garments
- Biodegradable formula
- PFC-Free
- Not harmful for the environment or to you
- Safe to use on any garments with an existing DWR treatment

20812

300ML

PREMIUM MICROFIBRE DETAILING CLOTH

RIDER CARE SERIES

Our Premium Microfibre Detailing Cloth is composed of a premium-quality, super-soft microfibre material that has been specifically designed to clean delicate finishes. It's the ideal size for cleaning on the move.

Benefits

- Amazing split fibre technology vastly increases surface area absorbency, eliminating smears or blemishes
- The most advanced bodywork and glass finishing cloth on the market
- Use after washing to remove water drops, spots and smears
- Super soft! Gentle on all plastic and painted surfaces

20344

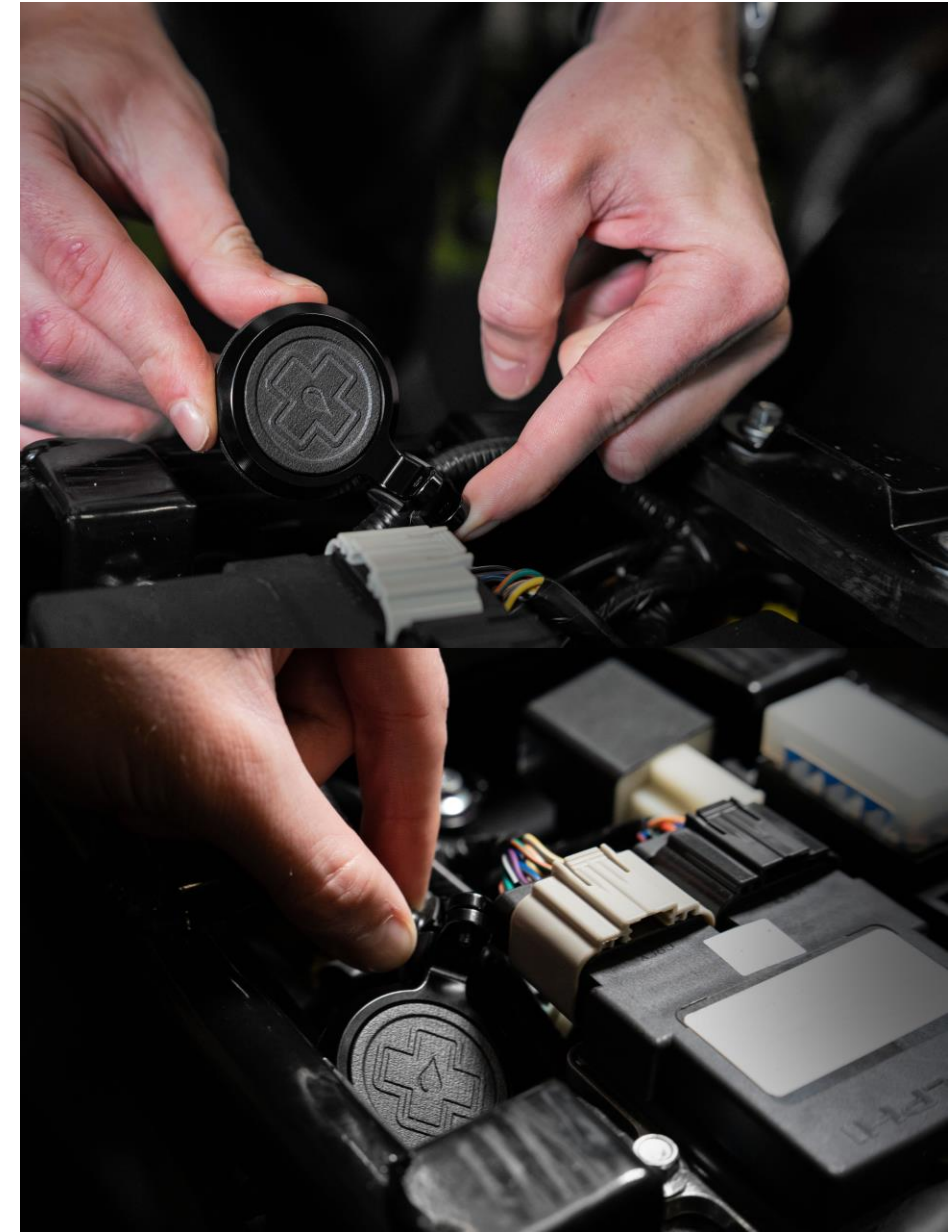

POWERSPORTS SECURE AIRTAG HOLDER

After launching our bicycle tag holder versions, we set about designing a way to quickly, securely and discreetly mount an Apple AirTag to any of your powersports toys so that in the event of a loss or theft you would be able to track down your stolen bike with the help of the 'Find My' iPhone app. Airtag's size means the availability of its hiding locations is only limited by the creativity of its owner, it can potentially fit in many hiding locations on a bike and this is a big plus especially when real estate on motorcycles can be extremely limited depending on the vehicle.

Benefits

- Durable, precision CNC machined, 6061 aluminium frame and clamp
- 2 part, heat resistant polymer holder protects your AirTag
- Supplied with Torx security screws and key for clamp and holder to stop thief's easily removing it
- Supplied with 4 different silicone clamp grip sizes enabling you to mount to different diameter wires and cables
- Designed to be mounted discreetly in hidden areas, i.e. under motorcycle seat, within the engine bay or under side fairings
- Non-rattle design
- AirTag sold separately!

LIGHTWEIGHT NECK GAITER

APPAREL

Our Lightweight Neck Gaiter is a neck shield that can be worn all year round to keep the elements at bay. The stretchy fabric provides an extra level of protection from the elements and dust when pulled up over your face and nose, while the seamless construction offers epic levels of comfort, all while looking badass!

Benefits

- Lightweight stretch fabric
- Breathable
- Seamless construction for comfort
- 100% Polyester
- One size fits all
- Rad punk pattern design available in pink and green colourways
- Unfolded, flat size 52 x 26cm

PINK PUNK- 20725

GREEN PUNK- 20751

WINTER NECK GAITER

Our Winter Neck Gaiter is a rad AF insulating neck warmer that's perfect for when the temperature nosedives, as it'll keep your neck toasty and the elements away.

The fleece section offers extra warmth for your neck, whilst the top stretchy fabric provides extra protection when pulled up over your face and nose. And we've used a seamless construction to dial up the comfort levels –you won't want to take this bad boy off.

Benefits

- Lightweight stretch fabric upper
- Breathable
- Insulating fleece fabric lower
- Available in loads of awesome designs
- One size fits all
- Seamless construction for comfort

GREEN PUNK- 20752

PINK PUNK- 20726

TECHNICAL BASE LAYER

APPAREL

Our Technical Riders Short Sleeve Base Layer is technically engineered for comfort and performance, to be worn all year round to help you regulate body temperature in a wide range of temperatures and conditions. It will help keep you warm in colder conditions as part of a layering system, and dry in warmer conditions where the high-wicking 3D knit fabric will rapidly move moisture away from the body.

The high stretch fabric provides a soft compressive fit, whilst the circular knitted construction and minimal flatlock seams keep chafing at bay and the comfort high. Fabric treatment inhibits the growth of odour-causing bacteria, keeping you fresher for longer.

Benefits

- Technical knit lightweight stretch fabric
- Breathable comfort for a range of conditions
- Moisture wicking and quick drying
- Fabric treatment keeps you fresher for longer
- Compressive panels at the side of the torso
- Seamless construction for comfort
- Available in 3 sizes: XS-S, M-L, XL-XXL

WATERPROOF SOCKS

APPAREL

Designed for performance and comfort and keeping your feet dry and warm, even when the conditions get properly gnarly. With a durable and breathable outer material that laughs in the face of wind, rain, and snow, and an inner lining that's made from high-quality, moisture wicking fabric, you can keep the shred going all day long – And the seamless construction and contoured arch compression rib gives you the support you need to keep it pinned!

For the perfect balance of warmth, breathability and waterproof protection, grab Muc-Off Waterproof Riders Socks – Your feet will thank you!

Benefits

- Protection from rain, snow and mud
- Waterproof, windproof and breathable
- Keep your feet dry and warm when riding in the worst conditions
- Durable Polyamide / Elastane outer, comfortable wicking Polyester lining (recycled)
- Breathable waterproof membrane rated at 8000mm HH
- Technical mesh panels on top of the foot for breathability
- Seamless construction, contoured arch compression rib

RAINPROOF ESSENTIALS CASES

RIDER CARE SERIES

Come rain or shine, our Rainproof Essentials Case is the storage solution for all riders; from the dirt tracks to the tarmac and everything in-between. The tough outer water-repellent fabric offers the protection you need for your essential ride accessories with a heavy-duty rubber-encased rope zip pull for quick and easy access on the motorcycle.

The Molle Webbing straps on the back of the case are compatible for easy attachments to Molle accessories or bags. Internally, the case features a soft divider to keep your cards separate from your smartphone, or your Helmet, Goggle and Visor cleaner. The Rainproof Essentials Case also has an inside zipped pocket for smaller valuables like keys and coins.

Benefits

- Constructed from a rugged, water-repellent, 900D Polyester with PU coating
- YKK® Aquaguard water repellent zip
- MOLLE webbing straps for attaching MOLLE accessories or onto other bags
- Inner zip pocket to store keys / cash / coins
- Inner divider pocket for your phone or cards
- Fits plus sized smartphones

ECO PARTS WASHER

Not only does a parts washer save you money over using conventional spray cleaners / liquids it also offers a deeper clean to your motorcycle components. Conventional chain cleaning devices and component brushes are great when you're cleaning at home, but nothing can come close to the power of a parts washer. This gives a better service to the customer and saves A LOT of time.

Features

- Premium non-solvent mobile cleaning unit
- Uses a unique natural bioremediation process to break down even the heaviest of grime, effortlessly in seconds.
- No hazard labels in sight! Totally natural and safe for the user.
- Low maintenance / less frequent draining
- Low service intervals
- Overheating security (reset feature)
- Easy draining: Draining plug with integrated pouring spout and handling
- Ergonomic control box
- Changeable brush head and replaceable parts
